CORPORATE GOVERNANCE

CORPORATE GOVERNANCE PRACTICES

The Board is committed to achieving and maintaining high standards of corporate governance. The Board believes that good corporate governance standards are essential in providing a framework for the Group to safeguard the interests of shareholders of the Company and to enhance corporate value, transparency and accountability, and to formulate its business strategies and policies.

The Company has applied the principles as set out in the Corporate Governance Code (the “**Corporate Governance Code**”) contained in Appendix C1 to the Listing Rules, together with compliance with the relevant code provisions.

The Board is of the view that, throughout the six months ended 30 September 2024, the Company has complied, to the extent applicable and permissible, with the code provisions set out in the Corporate Governance Code, except for the deviation from code provision C.2.1 as explained below.

Code provision C.2.1

The roles of Chairman of the Board and Chief Executive Officer of the Company have been performed by Mr. WONG Man Fai Mansfield. Although under code provision C.2.1 of the Corporate Governance Code, the roles of chairman and chief executive should be separate and should not be performed by the same individual, the combination of the roles of chairman and chief executive officer by Mr. WONG was considered to be in the best interests of the Company and its shareholders as a whole. Mr. WONG has been leading the Group as the Chief Executive Officer and one of our subsidiaries since 2009, thus, the Board believes that the combined roles of Mr. WONG promotes better leadership for both the Board and management and enables more focused development of business strategies and implementation of objectives and policies. The balance between power and authority is maintained by the openness and cooperative spirit of the senior management and the Board, which comprise experienced and high-calibre individuals. The Board currently comprises four independent non-executive Directors and has a fairly strong independence element in its composition. The structure is supported by the Company’s well established corporate governance structure and internal control system. Therefore, the Board considers that the deviation from code provision C.2.1 is appropriate in the circumstances. The Board will review the management structure regularly and consider separating the roles of chairman and chief executive, if and when appropriate.

CORPORATE GOVERNANCE

COMPLIANCE WITH THE MODEL CODE AND SECURITIES DEALING CODE

The Company has adopted its own code of conduct for dealing in securities of the Company by the Directors and the relevant employees of the Group who are likely to be in possession of unpublished inside information of the Company (the “**Securities Dealing Code**”) on terms no less exacting than the standard as set out in the Model Code as set out in Appendix C3 to the Listing Rules. Having made specific enquiries with all Directors and relevant employees of the Group, all Directors and relevant employees have confirmed that they have complied with the Securities Dealing Code and therefore, complied with the Model Code throughout the six months ended 30 September 2024 and up to the date of this report.
